A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and itching of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.—Advt.

ETTINGER IN LEAD FOR MAXWELL JOB AS SCHOOLS' HEAD

May Be Promoted to Superintendent at Meeting of Board To-Day.

William L. Ettinger, Associate City Superintendent of Schools, may be named City Superintendent to succeed Dr. William H. Maxwell by the Board of Education at its meeting to-day. If he is chosen, his selection will be due in large part to the activities of his close friend, Thomas W. Churchill.

board, is opposed to the election of Mr. Ettinger. The marked change in the situation has occurred since the return of Mayor Hyman from Palm Beach, Fla. Mayor Hyman, when he appointed the new board, was understood to be favorable to the selection of Edward Shallow for City Superintendent. Mr. Shallow is a Brooklynite and a fellow church member of the Mayor. He is an Associate City Superintendent, as is Mr. Ettinger. It was known that Mr. Churchill, who had been advising the Mayor on school matters, favored Mr. Ettinger. Meanwhile President Somers, with a record of many years of long service on the board, has been endeavoring to settle the City Superintendency question in a manner that would reflect credit on his administration as President, and has sought over a wide area for the right man for this job. Without having definitely committed himself, he is said to favor Albert Rhoda, formerly head of one of the bureaus in the Department of Education, and now a Superintendent of Schools in Los Angeles, Cal. Mayor Hyman is bitterly opposed to the appointment of any one to a city position who does not live in the city. Within the last few days another careful poll of the Board of Education has been made, and it appears that Mr. Ettinger is assured of five of the seven votes in the board, and thus of election as City Superintendent.

MAJOR MILLER, N. Y. FLYER, WHOSE REPORTED DEATH HAS NOT BEEN CONFIRMED

CAPT. J.E. MILLER PHOTO BY CENTRAL NEWS

No official word had come from Washington up to noon to-day confirming the death of Major James Ely Miller, reported in private despatches to members of his family here. Major Miller was said either to have been killed or captured when his airplane fell behind the German lines in France.

hind the German lines in France. "While I still hope this news is not true—that some mistake has been made, and I fear it is," said Mrs. Mary (Charles Addison) Miller this morning at her home, No. 26 West 37th Street. Mrs. Charles E. Miller, formerly Miss Gladys Kessel, wife of the former Yale football star and birdman, is prostrated by the news that her soldier-husband has been killed. The first information of the death of Major Miller was contained in Gen. Pershing's casualty list. The name of "James E. Miller" was among the lost, but under the recent ruling of the War Department no address was given. Then yesterday afternoon came a private cablegram from Theodore Roosevelt Jr. at the fighting front in France. It was addressed to Rudolph H. Kiesel, Major Miller's father-in-law, and said that Miller had fallen behind the German lines. "He is either dead or a prisoner, more likely dead," the message said. A report that there were two James E. Millers in the Signal Corps in France gave some hope to relatives and friends.

STOP CATARRH OPEN NOSTRILS AND HEAD
Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen, mucous membrane and you get instant relief. Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.—Advt.
